Experience

Training project coordinator

January 2024 — present

Simplon Maghreb

Administrative, technical and teaching coordination of training programmes; coaching, assessment and internal tool development.

- Responsibility for ENAA's first cohort in Béni Mellal, following launch preparations in late 2023.
- Contributions to JobInTech, Talent 4 Startups, YouCode and CCFBS programmes alongside the teams and partners.
- Coaching the Laravel and AI backend bootcamp in Agadir, from March to August 2026.
- Technical assessments of trainers, final-project juries and a mission for the Orange Coding Academies in Jordan in May 2025.
- Websites, internal applications, n8n automations, Odoo, ERPNext and support for developer interns.

Kids workshops · facilitation and operational coordination

July — December 2023

Simplon Maghreb

Delivering coding and robotics workshops with associations across several regions of Morocco.

- Contacting associations, preparing participant lists and arranging travel and equipment with the team.
- Facilitating activities on algorithms, block-based programming and educational robots.
- Workshop reports and coordinating photographs for programme communications.

Web development assistant · internship

June — August 2022

Desseins Agency · Tangier

Building and updating websites at a communications and marketing agency, with an extension of the initial internship.

- Contributions to the WordPress websites for Patterna and Al-Ghazali Academy.
- Fixes for TakweenPro, and content research, writing and integration for Patterna.
